

Safety Data Sheet		
1. Identification		
Product Name:	Organic White Grapefruit Essential Oil	
Botanical/INCI:	Citrus paradisi	
Synonyms:	N/A	
CAS Number:	90045-43-5	
Product Uses:	Personal care, Aromatherapy	
Manufacturer/Supplier:	Amrita Aromatherapy, Inc.®	
Address:	1900 W. Stone Ave., Suite C Fairfield, IA 52556	
Phone:	1(800)410-9651 or 1(641)472-9136	
Fax:	1(641)472-8672	
Emergency Contact:	Poison Control: 1(800)222-1222	
2. Hazard(s) Identification		
Appearance:	Liquid	
Signal Word:	Danger	
Statement of Hazard:	H226 Flammable liquid and vapor H304 May be fatal if swallowed and enters airways H315 Causes skin irritation H317 May cause an allergic skin reaction H319 Causes serious eye irritation H400 Very toxic to aquatic life H412 Harmful to aquatic life with long lasting effects P210 Keep away from heat, hot surfaces, sparks, open	
Precautionary Statements:	flames, and other ignition sources. No smoking. P243 Take precautionary measures against static discharge. P272 Contaminated work clothing should not be allowed out of the workplace. P280 Wear protective gloves/protective clothing P301+P316+P331 IF SWALLOWED: Get emergency medical help immediately. Do NOT induce vomiting. P303+P353+P361 IF ON SKIN (or hair): Take off Immediately all contaminated clothing. Rinse SKIN with water or shower. P305+P354+P338 IF IN EYES: Immediately rinse with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. P370+P378 In case of fire: Use Foam, Dry chemical, Carbon Dioxide, B class Extinguishers to extinguish. P391 Collect spillage. P403+P233+P235 Keep cool and in a well-ventilated place. Keep container tightly closed. P501 Dispose of contents/container in accordance with local/regional/national/international regulations.	
Aspiration Toxicity:	Category 1	
Skin Irritation:	Category 2	
Skin Sensitization:	Category 1B	
Eye Irritation:	Category 2	
Eye Damage:	Category N/A	
	Category 1	
Acute Aquatic Toxicity:	Category 1	

Chronic Aquatic Toxicity:	-Naturally t	Category 3			
Flammable Liquids:	•

4. First Aid Measures	1				
General Advice:	Seek medical attention in case of any discomfort. Observe risk of aspiration if vomiting occurs. May cause lung damage if swallowed.				
Eye Contact:	Remove contact lenses. Flush repeatedly with water for 15 minutes; contact physician				
Skin Contact:	Remove contaminated clothing, wash with water and soap. Contact physician if redness or irritation develop.				
Ingestion:	Do NOT induce vomiting. Rinse out mouth. Do NOT give water or milk unless directed by medical professional. Contact POISON CENTER or doctor immediately.				
Inhalation:				n if symptoms such	

Chest occur.		"Naturally the Purest"	
Extinguishing Media: SUITABLE: Foam, Dry chemical, Carbon Dioxide, B class Extinguishers NON-SUITABLE: Water Jet		chest occur.	
NON-SUITABLE: Water Jet	5. Fire Fighting Measures		
Fire Fighting Procedures: When possible, prevent environmental run-off. Use self-contained breathing apparatus and protective clothing. Carbon monoxide, carbon dioxide, acrid furnes, smoke, or flammable vapor may be released during oil fires. Flammable liquid and vapor. Vapors are heavier than air and may travel along surfaces to remote ignition sources and flash back. Personnel involved in cleanup should wear appropriate personal protective equipment (see Section 8). Minimize exposure. Eliminate all sources of ignition and ventilate area using explosion-proof equipment. Measures for Cleaning and Collecting: Absorb spill with non-combustible matter (such as detergent—donly use solvents) and transfer to containers. Clean spill area throroughly. Measures for Environmental Protections: Do NOT allow to enter the sewer or outdoor environment. Place waste in an appropriately labeled, sealed container for disposal. Care should be taken to avoid environmental release. Additional Considerations for Large Spills: Contain and control the leaks or spills with non-combustible absorbent materials such as sand, earth, vermiculite, or diatomaceous earth in drums for waste disposal. Avoid allowing product to reach sewage system or any waterways. Inform respective authorities in case of seepage into sewage system or waterways. Inform respective authorities in case of seepage into sewage system or waterways. Inform respective authorities in case of seepage into sewage system or waterways. Inform respective authorities in case of seepage into sewage system or waterways. Inform respective authorities in case of seepage into sewage system or waterways. Inform respective authorities in case of seepage into sewage system or waterways. Inform respective authorities in case of seepage into sewage system or in the process of seepage into sewage system or or waterways. Inform respective authorities in case of seepage into sewage system or in the process of seepage into sewage system or in the process of seepage into sewage system	Extinguishing Media:	· · · · · · · · · · · · · · · · · · ·	
apparatus and protective dothing.	Hazardous Combustion Products:	Carbon Dioxide and Carbon Monoxide	
may be released during oil fires. Flammable liquid and vapor. Vapors are heavier than air and may travel along surfaces to remote ignition sources and flash back. 6. Accidental Release Measures Health and Safety Precautions: Personnel involved in cleanup should wear appropriate personal protective equipment (see Section 8). Minimize exposure. Eliminate all sources of ignition and ventilate area using explosion-proof equipment. Measures for Cleaning and Collecting: Absorb spill with non-combustible matter (such as detergent—do not use solvents) and transfer to containers. Clean spill area thoroughly. Measures for Environmental Protections: Do NOT allow to enter the sewer or outdoor environment. Place waste in an appropriately labeled, sealed container for disposal. Care should be taken to avoid environmental release. Contain and control the leaks or spills with non-combustible absorbent materials such as sand, earth, vermiculite, or distornaceous earth in drums for waste disposal. Avoid allowing product to reach sewage system or any waterways. Inform respective authorities in case of seepage into sewage system or waterways. 7. Handling and Storage General Handling: Avoid contact with eyes, skin, mucous and clothing. Wear required PPE. Observe good hygiene guidelines and general safety practices. Do NOT eat, drink, or smoke when handling. Ensure workspace is properly ventilated. Wash hands after handling. Storage Conditions: Store in tightly sealed glass container, away from heat, light, and other sources of ignition; in a well-ventilated, dry, and cool location. Keep away from strong oxidizing agents. Exposure Controls / Personal Protection Exposure Limit: This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region-specific regulatory bodies. Extraction or global ventilation. Equipment should be grounded. Provide eyewash station. Avoid discharging into sever or environment. Do NOT eat, drink, or smoke near or after handling pro	Fire Fighting Procedures:

Review and implement appropriate technical and procedural wastewater and waste disposal measures to prevent occupational exposure or environmental releases.	11. Toxicological Information		
Irritation / Sensitization: Causes skin irritation May cause an allergic skin reaction No adverse effects with normal skin. However, potentially harmful amounts of material may be absorbed across markedly abraded skin when contact is sustained. Carcinogen Status: Carcinogenicity of the mixture has not been determined. Not listed as carcinogens by IARC, US OSHA or NTP. 12. Ecological Information Environmental Overview: The environmental characteristics of this mixture have not been fully evaluated. Releases to the environment should be avoided. Eco-toxicity Effects: Very toxic to aquatic life Harmful to aquatic life with long lasting effects Persistence and Degradability: Biodegradation is expected Bio-accumulative Potential: Bioaccumulation is unlikely Mobility in Soil: Other Adverse Effects: Avoid exposure to marine environments and waterways 13. Disposal Considerations Waste Treatment Methods: Releases to the environment should be avoided. Review and implement appropriate technical and procedural wastewater and waste disposal measures to prevent occupational exposure or environmental releases.	General Information:

"Naturally the Purest"		
	sealed container for disposal. Clean spill area thoroughly. Care should be taken to avoid environmental release.	
14. Transport Information		
The following refers to all modes of transportati ADR, IMDG, and IATA regulations.	on unless specified below. This material is regulated for transport under DOT,	
UN Number:	1169	
UN Proper Shipping Name:	Extracts, aromatic, liquid	
Transport Hazard Class(es):	Flammable Class 3	
Packing Group:	III	
Flash Point (°C):	48°C	
Marine Pollutant:	Yes	
15. Regulatory Information		
EU Symbol:		
EU Indication of Danger:	F – Flammable Xn – Harmful	
	Xi – Irritant	
	N – Dangerous for the environment	
EU Risk Phrases:	R10 Flammable	
	R22 Harmful if swallowed	
	R36/38 Irritating to eyes and skin	
	R43 May cause sensitization by skin contact	
	R50 Very toxic to aquatic organisms	
	R52/53 Harmful to aquatic organisms, may cause long-term adverse effects	
EU Safety Phrases:	in the aquatic environment	
EU Salety Fillases.	S3/7/9 Keep container tightly closed in a cool, well-ventilated place	
	S16 Keep away from sources of ignition – No smoking	
	S24/25 Avoid contact with skin and eyes S26 In case of contact with eyes, rinse immediately with plenty of water and	
	seek medical advice	
	S27/28 After contact with skin, take off immediately all contaminated	
	clothing and wash skin immediately with plenty of soap	
	S29/56 Do not empty into drains, dispose of this material and its container	
	at hazardous or special waste collection point	
	S36/37 Wear suitable protective clothing and gloves	
	S62 If swallowed, do not induce vomiting: seek medical advice immediately	
OSHA Label:	and show this document where possible Danger	
Identifying Markings in Accordance with	No duty to mark/Exempt	
EC Directives / GefStoffV:	To day to main Exompt	
California Proposition 65:	WARNING! This product contains Myrcene, a chemical known to the state of California to cause cancer. For more information go to www.P65Warnings.ca.gov.	
United States TSCA:	Complies	
Australia (AICS):	Not present	
EU EINECS/ELINCS List:	Complies
