6. Accidental Release Measures	
Health and Safety Precautions: Personnel involved in cleanup should wear appropriate personal protection equipment (see Section 8). Minimize exposure. Eliminate all sources of ignition and ventilate area using explosion-proof equipment.	
Measures for Cleaning and Collecting: Absorb spill with non-combustible matter (such as detergentdo not us solvents) and transfer to containers. Clean spill area thoroughly.	9
Measures for Environmental Protections: Do NOT allow to enter the sewer or outdoor environment. Place waste an appropriately labeled, sealed container for disposal. Care should be taken to avoid environmental release.	in
Additional Considerations for Large Spills: Contain and control the leaks or spills with non-combustible absorbent materials such as sand, earth, vermiculite, or diatomaceous earth in dr for waste disposal. Avoid allowing product to reach sewage system or waterways. Inform respective authorities in case of seepage into sewas system or waterways.	any
