| iquid  |  |  |
| Danger   |  |  |
| 1226: Flammable liquid and vapor   |  |  |
| 1304: May be fatal if swallowed and enters airways                                 |  |  |
| 1315: Causes skin irritation   |  |  |
| 1317: May cause an allergic skin reaction<br>1319: Causes serious eye irritation   |  |  |
| 1410: Very toxic to aquatic life with long lasting effects                         |  |  |
| 2210: Keep away from heat, hot surfaces, sparks, open                              |  |  |
| ames and other ignition sources. No smoking.                                       |  |  |
| 2233: Keep container tightly closed.   |  |  |
| 243: Take precautionary measures against static                                    |  |  |
| lischarge.   |  |  |
| 2261: Avoid breathing dust/fume/gas/mist/vapors/spray.                             |  |  |
| 2264+P265: Wash hands thoroughly after handling. Do not                            |  |  |
| ouch eyes.<br>2272: Contaminated work clothing should not be allowed               |  |  |
| but of the workplace.  |  |  |
| 2273: Avoid release to the environment.  |  |  |
| 2280: Wear protective gloves/protective clothing/eye                               |  |  |
| protection/face protection.  |  |  |
| 2301+P316+P331 IF SWALLOWED: Get emergency   |  |  |
| nedical help immediately. Do NOT induce vomiting.                                  |  |  |
| 2302+P352 IF ON SKIN: Wash with plenty of water and                                |  |  |
| oap.<br>2305+P351 IF IN EYES: Rinse cautiously with water for                      |  |  |
| everal minutes.  |  |  |
| 2333+P313: If skin irritation or rash occurs: Get medical                          |  |  |
| advice/attention.  |  |  |
| 2362+P364: Take off contaminated clothing and wash it                              |  |  |
| pefore reuse.  |  |  |
| 2370+P378 In case of fire: Use Foam, Dry chemical,                                 |  |  |
| Carbon Dioxide, B class Extinguishers to extinguish.                               |  |  |
| P391: Collect spillage.<br>P403+P235: Store in a well-ventilated place. Keep cool. |  |  |
| 2405: Store locked up.   |  |  |
| 2501: Dispose of contents/container in accordance with                             |  |  |
| ocal/regional/national/international regulations.                                  |  |  |
|  |  |  |

|   | "Naturally the Purest"  |  |  |
|---|---|--|--|
| General Advice:                             | Seek medical attention in case of any discomfort. Observe risk of aspiration if vomiting occurs. May cause lung damage if swallowed.  |  |  |
| Eye Contact:                                | Remove contact lenses. Flush repeatedly with water for 15 minutes; contact physician  |  |  |
| Skin Contact:                               | Remove contaminated clothing, wash with water and soap. Contact physician if redness or irritation develop.   |  |  |
| Ingestion:                                  | Do NOT induce vomiting. Rinse out mouth. Do NOT give water or milk<br>unless directed by medical professional. Contact POISON CENTER or<br>doctor immediately.  |  |  |
| Inhalation:                                 | Remove to fresh air and contact a physician if symptoms such as wheezing, coughing, shortness of breath, or burning in the mouth, throat, chest occur.  |  |  |
| 5. Fire Fighting Measures                   |   |  |  |
| Extinguishing Media:                        | SUITABLE: Foam, Dry chemical, Carbon Dioxide, B class Extinguishers NON-SUITABLE: Water Jet   |  |  |
| Hazardous Combustion Products:              | Carbon Dioxide and Carbon Monoxide  |  |  |
| Fire Fighting Procedures:                   | When possible, prevent environmental run-off. Use self-contained breathing apparatus and protective clothing.   |  |  |
| Fire / Explosion Hazards:                   | Carbon monoxide, carbon dioxide, acrid fumes, smoke, or flammable vapor<br>may be released during oil fires. Flammable liquid and vapor. Vapors are<br>heavier than air and may travel along surfaces to remote ignition sources<br>and flash back.   |  |  |
| 6. Accidental Release Measures              |   |  |  |
| Health and Safety Precautions:              | Personnel involved in cleanup should wear appropriate personal protective equipment (see Section 8). Minimize exposure. Eliminate all sources of ignition and ventilate area using explosion-proof equipment.   |  |  |
| Measures for Cleaning and Collecting:       | Absorb spill with non-combustible matter (such as detergentdo not use solvents) and transfer to containers. Clean spill area thoroughly.  |  |  |
| Measures for Environmental Protections:     | Do NOT allow to enter the sewer or outdoor environment. Place waste in<br>an appropriately labeled, sealed container for disposal. Care should be<br>taken to avoid environmental release.  |  |  |
| Additional Considerations for Large Spills: | Contain and control the leaks or spills with non-combustible absorbent<br>materials such as sand, earth, vermiculite, or diatomaceous earth in drums<br>for waste disposal. Avoid allowing product to reach sewage system or any<br>waterways. Inform respective authorities in case of seepage into sewage<br>system or waterways. |  |  |
| 7. Handling and Storage                     |   |  |  |
| General Handling:                           | Avoid contact with eyes, skin, mucous and clothing. Wear required PPE.<br>Observe good hygiene guidelines and general safety practices. Do NOT<br>eat, drink, or smoke when handling. Ensure workspace is properly<br>ventilated. Wash hands after handling.  |  |  |
| Storage Conditions:                         | Store in tightly sealed glass container, away from heat, light, and other sources of ignition; in a well-ventilated, dry, and cool location. Keep away from strong oxidizing agents.  |  |  |
| 8. Exposure Controls / Personal Pro         | otection  |  |  |
| Exposure Limit:                             | D-Limonene: AIHA/30ppm  |  |  |
| Engineering Controls:                       | Extraction or global ventilation. Equipment should be grounded. Provide eyewash station.  |  |  |

Amrita Aromatherapy, Inc.® | 1900 W. Stone Ave. Suite C, Fairfield, IA 52556 | Fax: 641-472-8672Telephone: 1-800-410-9651 | E-Mail: info@amrita.netWeb: www.amrita.netJuly 28, 2023Safety Data SheetPg. 3

|                                      | "Naturally the Purest"  |  |  |
|--------------------------------------|---|--|--|
| Environmental Exposure Controls:     | Avoid discharging into sewer or environment. Do NOT eat, drink, or smoke near or after handling product.  |  |  |
| Personal Protective Equipment (PPE): | Work clothing worn by personnel shall be laundered regularly. After contact with the product, all parts of the body that have been soiled must be washed      |  |  |
| Hands:                               | Wear suitable protective gloves (resistant to chemical agents in accordance with standard EN374) in the event of prolonged or repeated skin contact.          |  |  |
| Eyes:                                | Avoid contact with eyes. Use eye protectors (safety goggles in accordance with standard EN166) designed to protect against liquid splashes.                   |  |  |
| Skin:                                | Use protective clothing as necessary, such as a lab coat.   |  |  |
| Respiratory Protection:              | Assure a well-ventilated work area – Use general face covering  |  |  |
| 9. Physical and Chemical Properti    | es  |  |  |
| Physical State:                      | Liquid  |  |  |
| Liquid Color:                        | Intense yellow orange or deep orange  |  |  |
| Odor:                                | Fresh orange/citrus   |  |  |
| Molecular Weight:                    | No information  |  |  |
| Water Solubility:                    | Not soluble   |  |  |
| Boiling Point (°C):                  | No information  |  |  |
| Vapor Pressure (kPa):                | No information  |  |  |
| Vapor Density (g/mL):                | No information  |  |  |
| Flash Point – Liquid (°C):           | 45°C  |  |  |
| Upper Explosive Limits:              | No information  |  |  |
| Lower Explosive Limits:              | No information  |  |  |
| Polymerization:                      | Will not occur  |  |  |
| Specific Gravity 25°C:               | No information  |  |  |
| Specific Gravity 20°C:               | 0.837 – 0.846   |  |  |
| Refractive Index 20°C:               | 1.460 – 1.476   |  |  |
| 10. Stability and Reactivity         |   |  |  |
| Chemical Stability:                  | Stable under normal conditions of use.  |  |  |
| Conditions to Avoid:                 | Keep away from heat, spark, flames, and all other sources of ignition   |  |  |
| Incompatible Materials:              | Strong oxidizing agents and strong inorganic acids  |  |  |
| 11. Toxicological Information        |   |  |  |
| General Information:                 | Product does not present an acute toxicity hazard based on known or supplied information.   |  |  |
| Acute Toxicity:                      | Not Determined  |  |  |
| Irritation / Sensitization:          | Causes skin irritation  |  |  |
|                                      | May cause an allergic skin reaction   |  |  |
| Skin Absorption:                     | Causes serious eye irritation   |  |  |
| Skin Absorption:                     | No adverse effects with normal skin. However, potentially harmful amounts of material may be absorbed across markedly abraded skin when contact is sustained. |  |  |
| Carcinogen Status:                   | Carcinogenicity of the mixture has not been determined.   |  |  |
|                                      | Myrcene: Group 2B Carcinogenic Agent  |  |  |
| 12. Ecological Information           |   |  |  |
| Environmental Overview:              | The environmental characteristics of this mixture have not been fully evaluated. Releases to the environment should be avoided.                               |  |  |
| Eco-toxicity Effects:                | Very toxic to aquatic organisms; may cause long-term adverse effects in the   |  |  |

Amrita Aromatherapy, Inc.<sup>®</sup> | 1900 W. Stone Ave. Suite C, Fairfield, IA 52556 | Fax: 641-472-8672 Telephone: 1-800-410-9651 | E-Mail: info@amrita.net | Web: www.amrita.net Safety Data Sheet July 28, 2023

|                                  | "Naturally the Purest"  |  |  |
|----------------------------------|---|--|--|
|                                  | aquatic environment.  |  |  |
| Persistence and Degradability:   | Biodegradation is expected  |  |  |
| Bio-accumulative Potential:      | Bioaccumulation is unlikely   |  |  |
| Mobility in Soil:                | Not Determined  |  |  |
| Other Adverse Effects:           | Avoid exposure to marine environments and waterways   |  |  |
| 13. Disposal Considerations      |   |  |  |
| Waste Treatment Methods:         | Releases to the environment should be avoided. Review and implement<br>appropriate technical and procedural wastewater and waste disposal<br>measures to prevent occupational exposure or environmental releases.<br>Waste from a spill: Contain the source of spill if it is safe to do so. Collect<br>spill with absorbent material. Place waste in an appropriately labeled,<br>sealed container for disposal. Clean spill area thoroughly. Care should be<br>taken to avoid environmental release.  |  |  |
| 14. Transport Information        |   |  |  |
| ADR, IMDG, and IATA regulations. | on unless specified below. This material is regulated for transport under DOT,  |  |  |
| UN Number:                       | 1169  |  |  |
| UN Proper Shipping Name:         | Extracts, aromatic, liquid  |  |  |
| Transport Hazard Class(es):      | Flammable Class 3   |  |  |
